# Conference Spotlight

APDA proudly presents, as a Special CLE Event for Wednesday's opening plenary session,  
***The Investigations of Dr. Henry Lee.***

Dr. Henry Lee is one of the world's leading forensic investigators. Over the past 40 years, he has authored or co-authored 30 books and assisted in the investigation of over 6,000 cases including war crimes in Bosnia and Croatia. He has worked on most of the high-profile forensic investigations of the last quarter-century including Laci Peterson, O.J. Simpson, Jon Benet Ramsey, President Bill Clinton / Monica Lewinsky, the Vincent Foster suicide, Elizabeth Smart, as well as the re-investigations of the Lindbergh baby kidnapping, the Sam Sheppard case, and the JFK assassination. Join us at the start of the conference on Wednesday afternoon for a glimpse into the fascinating world of forensics as seen through the eyes of Dr. Henry Lee.

## **Darryl Hunt & Mark Rabil**

They're back after last year's captivating movie presentation of *The Trials of Darryl Hunt*. Darryl will be presenting a course (#54) on the difficult transition faced by those looking to regain a productive life following incarceration. Darryl is also going to have a table set up to sell his DVD for \$20. All proceeds from sales will go to those who turn to "The Darryl Hunt Project" for help in re-entering society. Stop by and say "hi."

### **Environmentally Friendly Values**

APDA is always looking for ways to make our conference more environmentally friendly. This year we are focusing on reusable resources and are taking aim at eliminating the thousands of paper and plastic containers used for beverages. To further this goal, APDA will be selling

travel mugs for use at the conference and throughout the year. They can be used for cold or hot beverages. They retail for \$16.95 but we're selling them for \$5. There's a cold beverage tumbler for \$5 as well. APDA

will also be selling an extra-large multi-purpose tote bag perfect for commuting to work, the grocery store, or the beach. The slate-blue bag (\$20 retail) will sell for \$5. The pens

we bought for this year are also in line with our goal of minimizing waste. They are brand new, but were otherwise destined for the dump as they have misspellings or cosmetic blemishes. Make sure you stop by to pick up and befriend an unwanted pen from the *Pen Pound* at the registration tables.
